

Responsible Commercial Engagement

Governance & Compliance Statement

Classification: Public Reference

SASSA Group approaches commercial participation through a structured and disciplined engagement model.

The Group evaluates opportunities based on clarity of structure, alignment of counterparties, and feasibility of execution within defined parameters.

Engagement is conducted selectively, with preference given to transactions that can be executed within a controlled framework and supported by verifiable documentation.

The Group does not participate in unstructured or ambiguous commercial activity.

All engagement is aligned with the objective of achieving transparent, coordinated, and repeatable transaction outcomes.

Selective participation is applied to maintain execution quality and structural integrity across all engagements.
