

# Market Conduct & Ethics

Governance & Compliance Statement

Classification: Public Reference

SASSA Group conducts its activities with an emphasis on responsible market behavior and professional integrity.

The Group requires all interactions with counterparties and partners to be conducted in accordance with established commercial standards and professional norms.

Ethical conduct includes transparency in communication, alignment of expectations, and avoidance of misrepresentation in commercial discussions.

The Group does not engage in practices that compromise documentation integrity, execution clarity, or professional trust.

Market participation is guided by discipline, consistency, and responsible commercial conduct.

The Group does not engage in practices that compromise long-term commercial credibility for short-term transactional gain.

SASSA Group

Global Standards. Timeless Values.
